Membership in CALIBR is strictly limited and is offered through a rigorous and highly competitive application process.

You are a high-potential leader in the Fortune 500, government, academic or non-profit sector or you are an entrepreneur.

Do you want to increase your ability to influence others within your organization? Perhaps you want to be a more effective collaborator, someone who is capable of building relationships at every level and in every department of your organization.

Would you benefit if you were able to increase the size of your leadership network? Maybe your network is too small, and you're interested in joining an association that will allow you to learn from other senior leaders in varying industries and sectors.

Are you interested in acquiring leadership skills that will enhance your ability to design and implement creative solutions to complex problems? Maybe you're quite accomplished in your career, but you've hit a wall. You need to reinvent yourself by learning new tools and frameworks that will help you drive innovation in your organization.

Has your career advancement stalled? You may find value in having a coach who will help you assess your leadership capabilities, establish new career goals, and create a leadership development plan that will get you to the next level.

In each of these scenarios, CALIBR is the answer. As a global leadership association dedicated to accelerating the careers of high potential black talent, our organization has curated an immersive leadership development curriculum. This curriculum combines relationship-building conferences with cutting-edge seminars, workshops, and training modules to help increase your effectiveness in your career and your personal life.

Membership in CALIBR is strictly limited and is offered through a rigorous and highly competitive application process. **Because of the focus on creating a mutually committed network rather than a large and impersonal organization, each year's incoming professional class is limited to no more than 50 new members.** Applicants can apply directly, or partner organizations can refer members as part of their talent management process.

CALIBR is unlike other membership organizations in that we consider ourselves, first and foremost, a network of like-minded, high achieving leaders committed to helping each other become the next generation of global executives and entrepreneurs.

CALIBR offers programming to support its members in developing the following:

1. Enterprise, Business and Other Organizational Planning

2. Design Thinking

3. Strategic Agility

4. Winning Senior Executive Sponsorship
